

Play it Again: Sound of Silence

BOTH

Hello darkness, my old friend
I've come to talk with you again.
Because a vision softly creeping,
Left its seeds while I was sleeping
And the vision that was planted in my brain
Still remains
Within the sound of silence.

STEFAN

In restless dreams I walked alone
Narrow streets of cobblestone,
'Neath the halo of a street lamp
I turned my collar to the cold and damp
When my eyes beheld the ashes of a brother lost
Who paid the cost?
And left the sound of silence.

DEAVER

Her voice it echoes in my mind
And off the walls she left behind
She made a choice and I am reeling
That fire etched on every feeling
The memory of her face a song my soul replays
It fades away
Into the sound of silence.

BOTH

What fools are they who do not know
Silence like a cancer grows

STEFAN

And to the sky I vowed I'd end this

DEAVER

I yelled to fate “Did you intend this?”

BOTH

But my words like silent raindrops fell

And echoed

In the wells of silence.

And now we face the world resigned

But there is meaning we can find

Protecting others from this painful end

Those in the darkness we can still defend

Knowledge is a tool to relieve another’s plight

And so we fight

Against the sound of silence.
